Our Achievements

## About us

Supacademia is managed maintained and by а multidisciplinary staff comprising ITs, designers, programmers, network administrators and elearning specialists

The staff skills cover all technical and pedagogical aspects of e-learning implementation.

The Supacademia staff is led by Dr ELY Mustapha who is Professor, network administrator, elearning specialist and international consultant in eLearning technologies.

## nat we can do for you?

You are looking for a strong reliable and ready to use elearning solution fitting your company training needs?

Supacademia provides it to you in the shortest delay and with affordable price. Supacademia is a leading company providing solutions for e-learning trainings

(academic, educational and professional)

#### Supacademia :

- evaluate your training needs and goals
- propose to you an adequate e-learning solution at an affordable price
- Implemente all your e-learning environment (intranet or internet)
- setup a Learning management system able to provide all your training requests
- Secure your training solution and hosting servers.
- design your training solution with your company graphical chart (colors/logo..)
- organise your e-learning administration (staff, procedures and relating processes)
- train all your e-learning staff to be able to take in charge and administrate your elearning solution In case of "outsourcing" your educational content and adminstration of your training, su-

pacademia can:

- Prepare your eLearning content and configure it to your training needs (initial training / vocational / professional) and specification (courses / assessments / certifications, etc.)
- Administer your platform (content and container)
  - **Ensure** maintenance, updating it and its security.

# **Our recent achievements**

We installed eLearning solutions for training for the benefit of national and international organisations in Africa.
